

Data "Wish List"

Northern and Eastern Dutchess County Hazard Mitigation Planning Project

Although it is not anticipated that all of the following data and/or documents will be available, the following items would be beneficial for conducting the study and preparing the plan. Participating jurisdictions should review this list, assemble available information, and forward it to:

Attn: Dr. Katie Palmer-House
Dover Town Hall
126 East Duncan Hill Road
Dover Plains, NY 12522
email: AHMP@TownofDover.us

To maintain schedule, URS will be able to incorporate information that is received by **October 13, 2008**.

Information, Data and Documents

- Records regarding history of natural disasters and other hazardous events (county, municipalities, and surrounding regions)
- Previous hazard mitigation measures implemented including FEMA or HMGP initiatives
- Flood studies
- Emergency response plan
- Comprehensive plan
- Land development regulations including floodplain ordinance, zoning ordinance, land management, or any other ordinances that they might find applicable.
- Open space and recreation plan
- Stormwater management plan
- Transportation planning studies
- Organization chart or directory of city departments
- For NFIP Participating Communities: Flood Insurance Study and FIRMs

You may also submit these documents at the September 12, 2008 AHMP Project Kick-off Meeting.
